

VCU Institute for Women's Health
4th Annual Women's Health Research Day

#	Last Name	First Name	Title	Department	POSTER TITLE	
1	Grover	Amelia	Assistant Professor	Surgery	Sphingosine-1-Phosphate (S1P) Stimulation Decreases Vascular Endothelial Growth Factor (VEGF) and Interleukin-8 (IL-8) Secretion in Follicular Thyroid Cancer Cell Lines in Vitro	agrover@mcvh-vcu.edu
2	Sweeney	Lori	Assistant Professor	Department of Medicine	2-Methoxyestradiol induced apoptosis in human pulmonary microvascular endothelial cells	lsweeney@mcvh-vcu.edu
3	Takabe	Kazuaki	Surgical Oncology Fellow	Surgical Oncology/Biochemistry and Molecular Biology	ABC Transporters, ABCC1 and ABCG2, Export Sphingosine 1-Phosphate from Human Breast Cancer Cells in Response to Estradiol	ktakabe@comcast.net
4	Rizki	Aylin	Assistant Professor	Radiation Oncology	Genome Stability Genes which Acquire a Function in Breast Cancer Invasion: A New Target Class?	arizki@vcu.edu
5	Alvanzo	Anika	Assistant Professor	Internal Medicine	Trauma Experiences of Women in a Community-Based Primary Care Setting	aahardie@vcu.edu
6	Bradford	Judy	Associate Professor	Epidemiology and Community Health	Exploring Access to Prenatal Care at the VCUHS Nelson Clinic	jbradfor@vcu.edu
7	Corona	Rosalie	Assistant Professor	Psychology	Barriers and Supports to Teen Pregnancy Prevention Among Latina Adolescents	racorona@vcu.edu
8	Keyser-Marcus	Lori	Assistant Professor	Psychiatry	When Research Meets Practice: Lessons Learned Through Community-Based Participatory Research on Alcohol and Drug Use in Pregnancy	lakeyser@vcu.edu
9	Langhorst	Diane	Assistant Professor	Social Work	Improving Employment Outcomes for Individuals with Substance Dependence	dlanghorst@vcu.edu
10	Masho	Saba	Assistant Professor	Epidemiology and Community Health	A Pilot Study Examining the Impact of Comprehensive Perinatal Access Program among Non-Medicaid Eligible Hispanic Women	swmasho@vcu.edu
11	Nguyen	Anh	Graduate Student	Psychology	Suc Khoe La Quan Trong Hong Sac Dep! Health Is more important than beauty! A breast and cervical cancer intervention for Vietnamese-American women.	nguyenab@vcu.edu
12	Price	Sarah	Assistant Professor	School of Social Work	Women, Loss, and Depression: Collaborative Knowledge Building from the Process of Findings of a CBPR Pilot	skprice@vcu.edu
13	Aggarwal	Arpita	Assistant Professor	Internal Medicine and Pediatrics	Am I Different? A Qualitative Study on Barriers to Colorectal Cancer Screening in Women with Chronic Mental Illnesses	tularpita@gmail.com
14	Belgrave	Faye	Professor	Psychology	The Role of Family Variables in Smoking and Academic Achievement Among African American Girls and Boys	fzbelgra@vcu.edu
15	Bishop	Diane	Research Specialist	Epidemiology and Community Health	Ten Years of Benchmarking: Monitoring Women Faculty at VCU School of Medicine	s2dlbelc@vcu.edu

#	Last Name	First Name	Title	Department	POSTER TITLE	
16	Boice	Emily	PhD candidate	Microbiology and Immunology	In Vitro Renaturation of An Active Elastase By Its Intramolecular Chaperone.	boiceen@vcu.edu
17	Bradford/Forte	Judy	Associate Professor	Epidemiology and Community Health	Faculty Development Seed Grants in Community-Based Participatory Research	jforte@vcu.edu
18	Brunzell	Darlene	Assistant Professor	Pharmacology/Toxicology	Nucleus Accumbens CREB Regulates Nicotine Reward	dbrunzell@vcu.edu
19	Cappello	Renato	PhD	Obstetrics and Gynecology	Epigenetic control of collagen regulating genes in vascular smooth muscle	rcappello@vcu.edu
20	Cheang	Kai	Assistant Professor	Pharmacy	Long-term Metabolic Effect of Metformin in Women with Polycystic Ovary Syndrome With and Without the Metabolic Syndrome	kicheang@vcu.edu
21	Cheang	Kai	Assistant Professor	Pharmacy	Relative Importance of Obesity, Insulin Resistance and Metabolic Syndrome in the Elderly: Risk of Cardiovascular Events	kicheang@vcu.edu
22	Cohen	Jessye	Graduate Student	Psychology	Identifying Predictors of Unwanted Sexual Contact in Undergraduates	s3jcohen@vcu.edu
24	Depcrynski	Amy	Graduate Student	Human and Molecular Genetics/Pathology	Regulation of the Telomere Binding Protein, TRF2	andepcry@vcu.edu
25	Dibble	Ashley	Graduate Student	Clinical Psychology	Physiological Correlates of Aggression in Adolescent Females	engelsad@vcu.edu
26	Diehl	Malissa	Graduate Student	Human and Molecular Genetics	Chaperone Expression and Inhibition in Breast Cancer	mcliu@vcu.edu
27	Estrada	Guadalupe	PhD	Obstetrics and Gynecology	Neutrophils Alter Expression of Vascular Smooth Muscle Collagen Regulating Genes	gestradaguti@vcu.edu
28	Fitzgerald	Angela	Graduate Student	Psychology	Partner Condom Attitudes and Condom Negotiation Efficacy as Predictors of Condom Use and Intent among African American Women in Long Term Relationships.	fitzgerald@vcu.edu
29	Foster	Rebecca	Doctoral Student	Psychology	Caring for a Child Diagnosed with Smith-Magenis Syndrome: Preliminary Analysis of Caregiver Well-Being	fosterrh@vcu.edu
30	Francis	Michael	Medical Graduate Student	Pathology	Breast Reconstruction using Patient-Derived Adipose Stem Cells and Electrospun Fat Matrix	mfrancis3@mcvh-vcu.edu
31	Gong	Xiaoyan	Post-Doctoral Fellow	Department of Obstetrics and Gynecology	The Regulation of Expression and Function of FSH Receptor through Smad3 in Mouse Granulosa Cells	xgong@vcu.edu
32	Gow	Rachel	Doctoral Student	Psychology	Development and Pilot Testing of a Parent Intervention to Reduce Pediatric Overweight	rwalker5@vcu.edu

#	Last Name	First Name	Title	Department	POSTER TITLE	
33	Gray	Jennifer	Graduate Student	Psychology	Differences in Nicotine Dependence Scores in a Treatment-Based Sample of Pregnant Drug Dependent Women with and without Co-Morbid Prenatal Alcohol Use	jngray@vcu.edu
34	Gulati	Abhishek	Ph.D. student	Pharmaceutics	Serum protein binding of Lopinavir in cord blood	gulatia3@vcu.edu
35	Halfond	Raquel	Graduate Student	Clinical Psychology	Understanding Teen Pregnancy and School Dropout Among Latino Adolescents: The Content of Their Possible Selves	halfondrw@vcu.edu
36	Hill-Holliday	Karen	RNC, PHD(c)	School of Nursing	Father Daughter Attachment and Sexual Behavior in African American Daughters	khill@mcvh-vcu.edu
37	Hoang	Valerie	M.S. student	Department of Physiology	Localization of Smad6 and Smad7 during Ovarian Folliculogenesis	hoangvm@vcu.edu
38	Islam	Leila	Doctoral Student	Clinical Psychology	Assessing Risk for Problematic Drinking and Depression in Post-Partum Women Using Tobacco Use as an Indicator	islamlz@vcu.edu
39	Kasirajan	Vigneshwar	Associate Professor, Chairman VCU Division of Cardiothoracic Surgery	VCU Division of Cardiothoracic Surgery, VCU Department of Surgery	Adverse Influence of Female Gender on Outcomes after Coronary Bypass Surgery: A Propensity Matched Analysis	vkasiraj@vcu.edu
40	Kidd	Jeremy	M1 Student	VCU School of Medicine	What Makes a Woman?: Transgender Identities and Their Implications on Health Systems	kiddj@vcu.edu
41	Kornstein	Susan	Executive Director/Professor	Psychiatry	An Analysis by Age and Gender of Efficacy Data From Placebo-Controlled Desvenlafaxine Succinate Clinical Trials in Depressed Outpatients	skornste@vcu.edu
42	Kornstein	Susan	Executive Director/Professor	Psychiatry	Using an Integrated Women's Health Model to Advance Women's Leadership in Academic Medicine	skornste@vcu.edu
43	Ma	Peter	Graduate Student	Physiology / Pathology	Establishing an Electrospun Biomimetic Scaffolding for Studying Breast Cancer Biology	mapc@vcu.edu
45	Miller	Andrea	Graduate Student	Psychology	Gender differences in Stress, Forgiveness, and Mental Health in Recently Married Couples	lerneraj@vcu.edu
46	Phipps	Lisa	Post-doctoral Fellow	Pharmacology, Toxicology	Use of Dietary Supplements by Female Regular and Non-Regular Users of Tobacco, Alcohol, and Caffeine	burroughslr@vcu.edu
47	Picco	Christine	MIV	Obstetrics and Gynecology	Expanding the Learning of Women's Health for Fourth Year Medical Students	picco@vcu.edu

#	Last Name	First Name	Title	Department	POSTER TITLE	
48	Robins	Jo	Postdoctoral Fellow, Research Assistant Professor	Nursing	"Exploring the Trajectory of Cardiometabolic Risk in Women"	jwrobins@vcu.edu
49	Salloum	Fadi	Postdoctoral Associate	Internal Medicine/Cardiology	Phosphodiesterase-5 Inhibitors Reduce Myocardial Infarction, Apoptosis and Improve Post-Ischemic Ventricular Function in Female Mice	fnsalloum@vcu.edu
50	Samuel	Lindsay	honors undergraduate student	Pharmaceutics	Formation and Elimination of 2-Methoxyestradiol in the Human Placenta	samuelln@vcu.edu
51	Sepulveda	Allison	Research Manager	L. Douglas Wilder School of Government and Public Affairs	Infant Mortality Prevention Campaign Planning: Integrating Data from Multiple Sources	alsepulveda@vcu.edu
52	Sturgill	Jamie	Graduate Student	Microbiology and Immunology	Elevated Glutamate Levels May Play a Role in the Immunopathology of Systemic Lupus Erythematosus	sturgillji@vcu.edu
53	Terrell	Danielle	Research Assistant	VP for Research	Prenatal Risks for Substance Use: in an Urban Clinic Population	dterrell@vcu.edu
54	Vaidya	Soniya	Graduate Student	Pharmaceutics	Formation and Efflux of ATP-Binding Cassette (ABC) Transporter Substrate 2,4-	vaidyass@vcu.edu
55	Walsh	Scott W.	Professor	OB/GYN	Neutrophil Release of Myeloperoxidase and Matrix Metalloproteinase 8 in Systemic Vasculature of Obese Women May Put Them at Risk for Preeclampsia	swwalsh@vcu.edu
56	Wickham	Edmond	Assistant Professor	Internal Medicine and Pediatrics	High Molecular Weight Adiponectin in Women with Polycystic Ovary Syndrome	ewickham@mcvh-vcu.edu
57	Woodward	Ashley	House staff	OB/GYN	The Momedemameter: An Affordable Pre-Eclampsia Detector For The Developing World	awoodward@mcvh- vcu.edu
58	Walsh	Lori	Medical Student, 2nd year	Medical School	A Polymorphism in the Fetal Comt Gene Is Associated with Preeclampsia	lorihwalsh@gmail.com
